DOWN-TOWN SERVICES

city missionary of the Episcopalians, led

The Rev. John Moneure, the vigorous city missionary of the Episcopalians, led the Good Friday service, which have been held down town at 1 P. M. daily during Holy Week, under the auspices of St. Androw's Brotherhood. Although there were so many regular services, a large number of men attended the meeting yesterday; and they were rewarded, not only with the satisfaction of particlipating in the Church's service of praise and prayer, but in hearing one of the best short sermons of the series. The Rev. Mr. Moneure took for his text the words: "The Captain of Our Salvation Perfect Through Suffering," and from it he preached that each life, as it comes from the great Source of life, represents a Divine trust, a trust which we must discharge fathfully in this life. As the captain, the leader, is obliged to endure the pains of responsibility, so he must rely upon the fidelity of his men. Carlet is our leader; we must believe in him and follow him and be loyal to our leader and to the cause with which we have identified ourselves. The pastor spoke in a cheerfully optimistic strain, stating his conviction that God's law is surely making the world better from year to year. He invoked for all "the peace of God which passeth all understanding."

MANILA, April 10.-Captain Pershing's force captured Bacolod, Island of Mindanao, Wodnesday, killing 100 Moros and wannding many others. Three Americans were wounded. Pershing's force consisted of Shaw's battallon of the Seventeenth Infantry, Kilpatrick's troop of the Fifteenth Cavalry and McNairy's battery. Pershing was surveying the west shore lands when the Bacolodians opposed his advance and provoked the fight. Pershing surrounded and attacked their stronghold, first shelling them, and bringing his troops forward charged gallantly. After crossing a deep moat and entering the fort the Americans engaged the Moros bayonets against krisses. A hundred of the defenders were killed, including Datto Panandungan, and many were wounded. Increase of Force Requires Enlargement of the Pay-Roll.

The pay-roll of the Richmond postoffice has been increased by about \$10,000 annuhas been increased by about \$10,000 annually, owing to the prospective increase of force there, and the increase of the salaries of some of the employes. Six new clorks and two additional carriers will soon be put on, and the salaries of these are to be paid out of the increased appropriation. Besides this, fifteen or twenty employes will have their salaries raised a hundred or two dollars annually.

The postoffice authorities are hopeful that they will soon get custody of the Shafer building, and thus be enabled to rolleve the congested condition of the office. The business of the office is steadily growing.

MAKES NO DIFFERENCE

Will Only Make it Harder to Run the Railroads.

Railroads.

(By Associated Press.)

NEW YORK, April 10.—Daniel S. Lamont, who is one of the directors of the Northern Securities, and vice-president of the Northern Pacific Company, said today that so long as the railroads affected by the United States Court's decision in the Northern Securities Company had never lost their identity, even if the decision were made final by the higher court, little difference would result.

"The same men who own and control Northern Securities own and control Northern Pacific, Chicago, Burlington and Quincy and Great Northern. What is the difference? The Northern Securities Company simply made it easier for these men to run the roads."

HIGH PRESSURE DAY

HIGH PRESSURE DAY

Men and women allke have to work incessantly with brain and hand to hold their own nowadays. Never were the demands of business, the wants of the family, the requirements of society, more numerous. The first effect of the praise-worthy effort to keep up with all thee things is commonly seen in a weakened or debilitated condition of the nervous system, which results in dyspepsia, idefective nutrition of both body and brain, and in extreme cases in complete nervous prostration. It is clearly seen that what is needed is what will sustain the system give vigor and tone to the nerves and keep the digestive and assimilative functions healthy and active. From personal knowledge, we can recommend Hood's Sarsaparilla for this purpose, it acts on all the vital organs, builds up the whole system, and fits men and wemen for these high-pressure days.

A WARNING—to feel tired before exertion is not laziness—it's a sign that the system lacks vitality, and needs the tonic effect of Hood's Sarsaparilla. Sufferers should not delay. Get rid of that fired feeling by beginning to take Hood's Sarsaparilla to-day.
